EDUCATION

University of Iowa

PhD, Biostatistics

Incoming Aug 2026

Iowa City, IA

Grinnell College

BA, Mathematics (honors), Statistics Concentration

Aug 2022 – May 2026

Grinnell, IA

- **Coursework:** Intro Data Science, Statistical Modeling, Machine Learning, Probability & Statistics, Categorical Data

EXPERIENCE

Student Mentor

Grinnell College

Sep 2025 – May 2026

Grinnell, IA

- Supported students in developing their data science skills at Grinnell College's Data Analysis and Social Inquiry Lab
- Designed and assisted students with concept checks during lab sections of an R Programming for Biologists course

Statistics Grader

Grinnell College

Sep 2025 – May 2026

Grinnell, IA

- Provided detailed and timely feedback on students' written assignments in Grinnell's upper-level probability courses

Biostatistics Researcher

University of Iowa College of Public Health

Jun – July 2025

Iowa City, IA

- Completed biostatistics coursework and mentored research as part of the Iowa Summer Institute in Biostatistics 2025

Statistics SEPC

Grinnell College

Aug 2024 – May 2026

Grinnell, IA

- Elected to serve as a student-faculty liaison, representing student perspectives on faculty, curriculum, and other issues
- Assisted the department in the official hiring and review process, including conducting interviews and report writing

Mathematics Researcher

Grinnell College

May – Aug 2024

Grinnell, IA

- Studied readings in probability and performed collaborative mentored research in stochastic process and applications

PROJECTS

How Blood Forces Trigger Cancer Cells to Spread

- Performed high-throughput analysis on RNA-Seq data using regression tools and gene set enrichment analysis in R
- Presented methods and results to faculty and grad students at the Iowa Summer Institute in Biostatistics Symposium

Modeling Animal Movement with Random Walks

- Conducted simulation studies on random walks in Python and utilized them to model elephant movement in R
- Presented to Grinnell Math and Statistics Seminar Series and Iowa Chapter of the American Statistical Association

SKILLS

R (base and tidyverse) Python, Git/GitHub, markdown, L^AT_EX
